Welcome to the Community Engagement Support Gateway, or as we like to call it “The Gateway”!

The California Tobacco Endgame Center for Organizing and Engagement provides support, training and resources to local agencies and projects throughout the state that are funded by the California Tobacco Control Program (CTCP) for their work in community organizing and engagement.

The Center’s Gateway support services are provided to CTCP-funded projects, including Competitive Grantees, Local Lead Agencies and coalitions working with competitive grantees and local lead agencies. A CTCP contract number is required to submit a Gateway support request.

You can easily submit Gateway support requests for help with community organizing and engagement, campaign planning strategy and organizing resources and tools, just to name a few services.

The Gateway will allow you to:

- Submit requests for community organizing and engagement support and resources
- Track the status of your requests
- Communicate with our team directly
- Maintain a log of your correspondence with our team all in one place!

This document provides instructions for:

Frequently Asked Questions

How quickly will my user account be approved?
New user accounts are reviewed and approved within one (1) business day.

What if My Account Request is Denied?
The Center’s team reviews account requests to ensure the eligibility of users. If you receive an email denying your request and you believe you are eligible, please follow the instructions in the email.

What if I forget my Username and/or Password?
If you have forgotten your login credentials, please email organizingtoendtobacco@heart.org. Please allow one (1) business day for a response.

How quickly will I receive a response to my support request?
You will receive a response from a team member within one (1) business day to begin discussing your request.

What if the support I need is not listed in the categories of services or resources?
Select “Other” and provide details around your request in the form provided.

Can I call or email Center staff directly with my request for support?
Yes, in some circumstances this may be OK. However, we prefer that you first submit your request through the Gateway.

Can I send and respond to emails from within the Gateway?
You are only able to view emails within the Gateway. To respond, use your regular email account that is associated with your portal user account.
